OFFICE ON DEADERICK STREET, RATES OF ADVERTISING.

Newspaper proprietors generally, and especially of this sity, under the usages and regal itions heretof re prevaling are called upon to perform more labor without remuneration, than any other class of community. The gratuitous publication of charity and religious advertisement, and communications, tributes of respect, obition es, &c., &c., which can only be inserted at a heavy cost to the proprietor, im-poses upon them a burden so onerous, that they feel called upon, in self-defence, to check the abuse, by making such publications a charge, to some extent at least, upon the par-ties more munchiately interested. In this they are but following the example of the press in other cities, impelled by a sense of its intrinsic propriety, and imperative duty to themselves. The subscribers have, therefore, united together in a mutual agreement, upon the to lowing specified terms. or the publication of these as well as every sort of regular business advertising.
